

# Groveswood Dog Training

## Directions and Parking Instructions

### Directions to Parking Area

Postcode: **RG9 5AR**

What3Words: **///available.pots.thinkers**

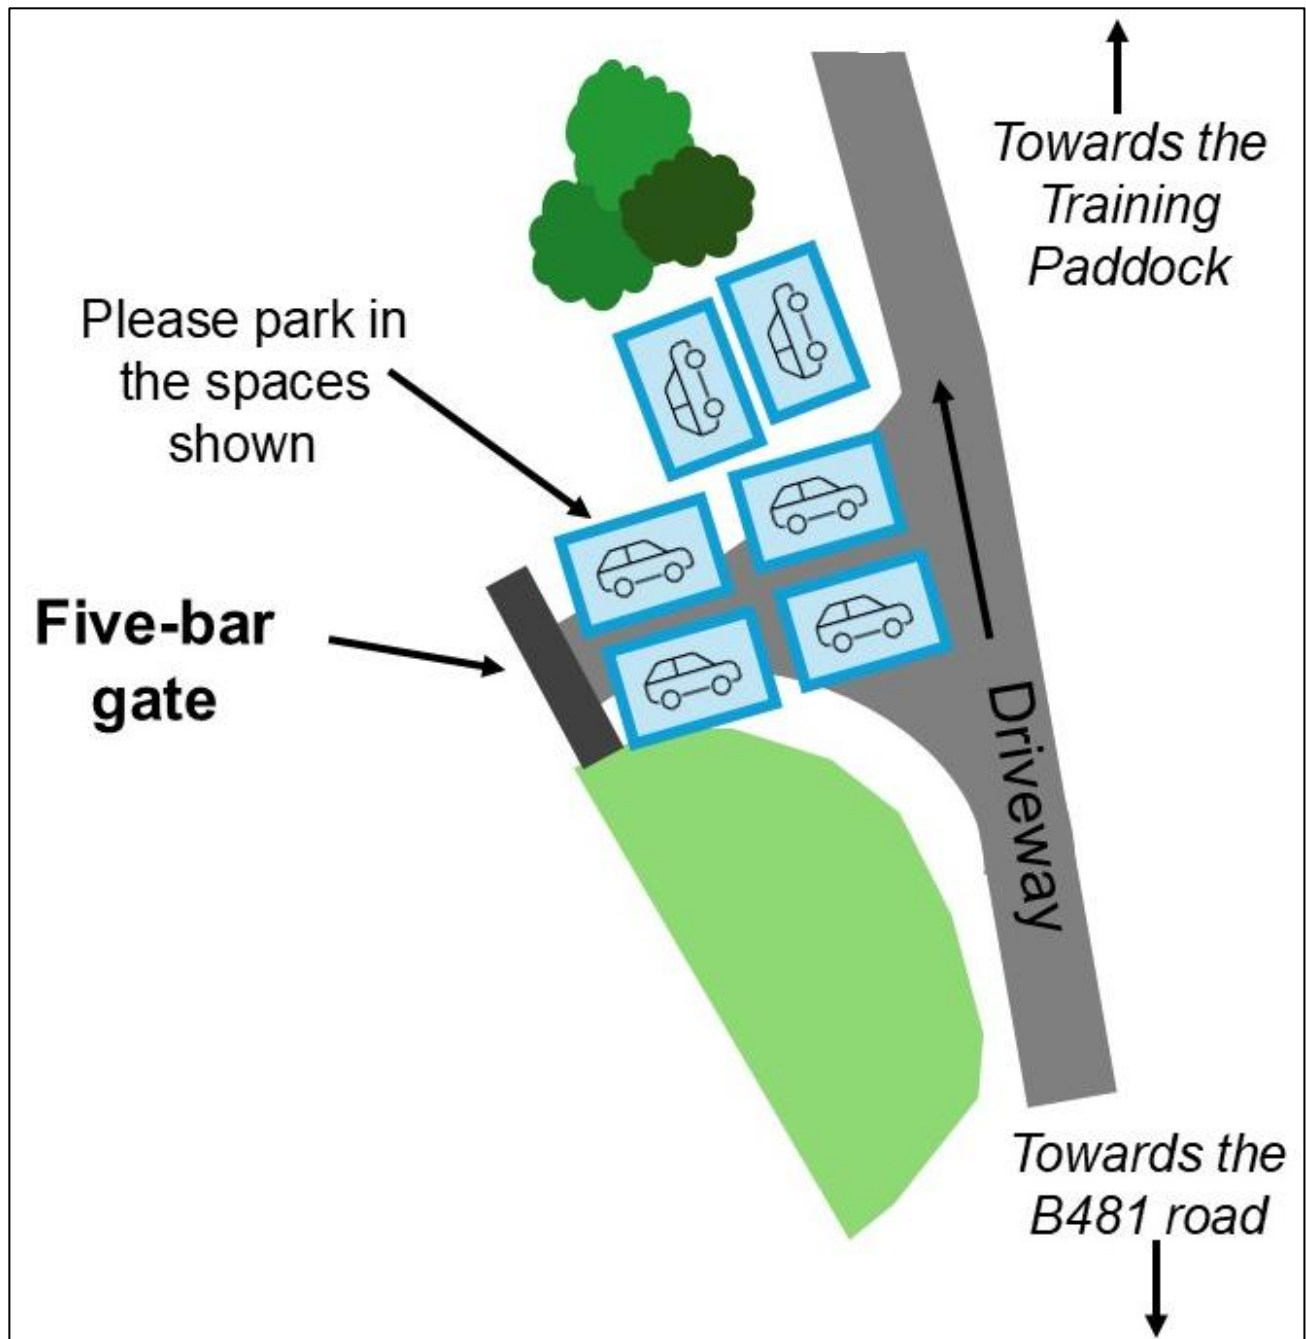

From Nettlebed, head north on the Nettlebed to Watlington road: B481. Follow the B481 past Nettlebed Recreation Ground. After the recreation ground, the road bends to the right. Opposite Elms Way on your left, there is a turning into the woods on the right hand side. Follow this track into the woods until you reach the designated parking area (shown on the map above). This is at the last set of gates on your left (shown in more detail on the map below). Do not bear right.

From Watlington, take the B480/B481 Watlington to Nettlebed road. After the boundary sign for Nettlebed village, and 20 zone, after Priest Close (on your right), turn left opposite Elms Way, into the woods. Follow this track into the woods until you reach the designated parking area (shown on the map above). This is at the last set of gates on your left (shown in more detail on the map below). Do not bear right.

## Parking

Please park off of the track. There is space:

- In front of the furthest gate - this is a metal five-bar gate
- Under the trees straight ahead

## Directions to Agility Paddock

Once parked, please follow the track a little further. Please do not enter the Horse Track, which is shown on the first map above. Please find the footpath (no gravel), which is the second left-hand entrance after the parking area. Please keep your dog on a lead in the car parking area and on the footpath. Follow the footpath until you reach the metal gate at the very bottom field. Come in through this gate (please shut it behind you, thank you!) and walk up the field towards the paddock. Please keep your dog on a lead at all times.
